To whom it may concern:

This is to confirm that JJ Storage Systems, Director Alan Taylor Wheeler, supplied some 1600 cu. ft of shelving to the Records Management Unit at the above address in April 2009.

The shelving was of good quality; the installation was prompt and seamless. Of even more relevance in the current financial climate, the price JJ Storage Systems offered was highly competitive when compared with competitors.

As a consequence of this installation, I would not hesitate to recommend Alan and his company. It is possible we will need more shelving in the near future if we gain more accommodation, and I will certainly approach Alan for a quote.

I would be pleased to discuss my comments regarding the above at any reasonable time.

Yours faithfully,

William (Bill) Stavely,
Records Manager,
Records Management Unit,
2-4 Darwin Close,
